

## INVESTMENTS

### Skills and experience to offer full service

The Investment Division of Caribbean Mercantile Bank is the only full service investment broker on Aruba with the skill and experience to help you build your future.

Whether your goal is to secure a retirement plan, to ensure your children can go to higher education, to build a trust fund for your children and grandchildren, or simply to have greater wealth, we are here to give you the right advice, at the right time, to achieve your goals.

### Full line of products and services

The Investment Division offers trading in a full line of products such as stocks, bonds, mutual funds, options and commodities.

We are also proud to offer complete investment services, including:

- **Appraisal and management of investment portfolios**
- **Quality investment research**
- **Currency hedging strategies and techniques**
- **Trading on all international stock exchanges**
- **Live quotes from Bloomberg Information Services**
- **Newsletter and investment recommendations via fax and e-mail**

### Advanced technology

At the Caribbean Mercantile Bank N.V. we trade on all the major international markets. Assisted by electronic communication and computer systems, we are in constant touch with the financial world, allowing us to minimize your risk and maximize your profits.

### Expert advice & professionalism

At the Investment Division, you can expect the same level of personalized, confidential, high quality service you experience throughout Caribbean Mercantile Bank N.V.

We also provide complementary products and services such as Trust Services, Private Banking and Offshore Deposits.

Whether you represent yourself, a corporation, a pension fund, a non-profit organization or an investment club, we are always pleased to assist. Call us today for an appointment; your future is very important to us.
